DS900X FEATURES

Optional Hard Luggage System

High quality, fully lined three piece aluminium luggage system including top box mounting plate and side rails is available for just £299. (RRP £1,399).

KYB Adjustable Suspension

High specification KYB upside-down forks are fully adjustable as is the rear KYB mono-shock with easy to reach preload adjuster

Impressive Brembo braking with Bosch Cornering ABS.

Formidable stopping power with twin 4 piston Brembo calipers with 305mm discs up-front, and a single Brembo calliper with 265mm disc at the rear. The braking system is further enhanced by Bosch 6-Axis Cornering ABS that can be switched off for trail riding.

7" TFT Full Colour Display

The large 7" full colour display is clear and provides all the usual information as well as several advanced features like tyre pressure monitoring and Carbit screen mirroring function from your mobile phone.

Keyless Go Ignition

Keep your key fob safe in your pocket and simply press the VOGE logo to turn on the bike. This system improves both ease of use and adds to security.

Heated Seat and Heated Grips

Heated riders seat and heated grips are fitted as standard to maximise comfort, especially in the British weather! The heater controls are seamlessly integrated into the switchgear with 3 levels of heating.

Pirelli Scorpion Trail Tyres

The tubeless Pirelli Scorpion Trail II tyres are perfectly suited to an Enduro style motorcycle with a road biased touring setup. Sporty, grippy, surefooted and durable for long road trips, but still capable of small off-road excursions when required.

Full LED Lighting

Full LED lighting front and rear, including indicators and the hi-power integrated spotlights that are fitted as standard for improved visibility.

Safety - Blind Spot Warning RADAR

Safety features include Blind spot assistance with amber warning LED's in the mirrors when it detects vehicles nearby. This is especially useful in busy urban areas and a Radar rear collision avoidance system that detects if a following vehicle is getting too close. When triggered this flashes the brake light and rear indicators to warn the approaching vehicle and illuminates the blind spot warning lights and the dash display to alert the rider of an approaching vehicle from behind.

Cruise Control

The cruise control system can be effortless operated by the large paddle style with on top of the left hand switchgear.

1080p Dash Cam

Front facing dash cam fitted as standard just above the headlight. Dash cam footage can be viewed to watch back your ride, and is increasing valuable in the case of any non-fault insurance claims too. The camera works through the VOGE APP and can also take still photographs while on the move by pressing the button on the right handlebar switchgear.

Engine bars, Main stand, Hand guards, two power sockets and adjustable windshield.

The VOGE 900DSX has engine bars for protection, a main stand for ease of maintenance, hand guards for safety, two power sockets both USB and 12V style and an adjustable windshield all fitted as standard. There is no need for expensive accessories as the bike comes fully loaded with everything you need adding significantly to the value for money.

Quick Shifter

A quick shifter is fitted as standard for effortless gear changes up and down the slick 6 speed gearbox

Electronic Rider Aids

The 900DSX has advanced electronics including four switchable power modes, Sport, Rain, Road and Enduro to assist the rider in any situation. Traction control is also included and the latest Bosch 6 axis cornering ABS

8v DOHC 895cc Engine

F series 895cc in-line twin-cylinder engine with a 270º Crankshaft. Liquid cooling with 8-valve DOHC and slipper clutch. Maximum power of 70Kw (95HP) at 8,250 rpm and a maximum torque of 95 Nm at Only 6,000 rpm.
