LTS 125 S FEATURES

LED LIGHTING

The headlights including DRL's, indicators and tail lights are fully equipped with LED technology, ensuring optimal visibility in all circumstances

CBS DISC BRAKING

The LTS 125S features front and rear disc brakes, offering effective braking on any ride. The CBS system distributes braking between the wheels, enhancing safety and a sense of control regardless of road conditions

COLOUR LCD DASHBOARD

The digital instrument cluster of the LTS 125S brings together all of the essential readings in an easy to read and modern layout. The arc-shaped tachometer frames indications such as speed, odometer, fuel level and battery voltage. Through the touch function, the rider can make TRIP A and TRIP B settings, switch between mph and km/h, as well as access the vehicle's self-diagnostic check

COMFORT

The LTS 125S has a flat floor offering comfort and practicality in everyday travel. The textured anti-slip surfaces enhance foot stability on every journey

PRACTICAL STORAGE SPACE

The storage space under the seat of the LTS 125s is ideal for gloves, documents, some shopping and small everyday items. Smartly designed, it follows the compact philosophy of the model without affecting the dimensions of the scooter.

EFFICIENT & ECONOMICAL ENGINE

The LTS 125s' 124cc air-cooled engine offers reliable city operation with a fuel consumption of just 1.9L/100km (WMTC3). Powered by a BOSCH EFI system, it ensures smooth performance and low running costs in everyday life.

SMART SPACES - EVERYDAY CONVENIENCE

Two open storage compartments inside the apron offer easy and direct access to small everyday items, while the built-in USB port makes it easy to charge devices on the go. The practical hook allows you to hang hand luggage, keeping everything in place.

LOW SEAT FOR EASY ACCESS

With a seat height of just 750mm from the ground, it allows easy access while helping to keep a firm footing when stopping in the city. The elongated and sculpted seat provides ample space for both rider and passenger, ensuring a high level of ergonomics and comfort on every ride.
